RELEASE
07/05/2010

Charles is fond of Africa and wins a safari in Benin. But there is a huge gap between the reality of Africa and the cliché pictures he had in mind...

A kind of initiatory voyage, source of clash and disillusion but also of fun, adventure, exoticism and folklore.

A very visual buffoonery, challenging the vanity and the caricatural opinions of the traveller.

In this series

Bonne arrivée à Cotonou
