Altor is an elf in the service of the Galactic Confederation, based on New Earth, our own planet at some time in the future. Entrusted with numerous perilous missions, including the search for the major crystals, at the heart of a chain of magic crystals capable of restraining the forces of evil, Altor, together with Aurelis, travel through strange and wonderful worlds. Created by Moebius and drawn by Bati, this highly imaginative science-fiction series is great for the younger reader.
