An intergalactical cruise ship is attacked and taken over by a band of space pirates. Stella, the charming hostess, finds herself delivered to the lecherous pirate captain. But it's not as bad as it sounds: she soon discovers the special powers within herself with which she wins her captors' respect. All seems to be going well until the Alliance Fleet becomes a little too interested in her new friends...

Lively and funny with dialogue that crackles like the blows of a saber-laser, this sci-fi adventure features great characters and loveable villains. A very promising series of amazing images full of adventure, humour and imagination.
