Max Ferlane is known for being able to exfiltrate anybody from any desperate situation. But that kind of reputation can sometimes attract unwanted attention... Babylon is an agency that specializes in exfiltration. In other words, they send agents to get someone or something out of a well-guarded zone. Here, we follow Max Ferlane, a former super soldier who now works in exfiltration. When he's hired for a routine mission in Africa, he quickly realizes that he'll actually have to do a whole lot more: exfiltrate a dictator on the run from a country that has just undergone a coup d'état...
