Once upon a time in a realm eternally frozen, lived Snow-White, the one and only heir to the throne. But, on the sudden and mysterious death of the King, Snow-White's stepmother claims power, beginning a time of bloody conquests to claim new lands. In an effort to oust the rightful heir to the throne, the evil stepmother commands her henchman, the deformed hunter, to assassinate the young girl. But the warrior can't bring himself to do it, so he lets the girl escape into the dark mines. This is the realm of cannibals and dwarves practicing old magic...a realm into which nobody in their right mind dare venture...
