Rowdy, outgoing, and occasionally a little mental, Storm, who looks normal on the outside, still has no idea why he's been shipped off by his mom to Boohland, the famous school for monsters. Supposedly it's so he can learn to channel his energy. But the problem is that Storm doesn't have any powers to channel... at least not yet! Between magic, annoying classmates, and terrifying forms of punishment, he's going to have to hustle to keep up, and even stay alive... Your basic (sort of) day-to-day life of a kid in middle school!
