Join Calebasse, a young and dashing musketeer, on his exciting adventures with his faithful, albeit temperamental, mare, Câline.

Created by Raoul Cauvin and Mazel for Spirou magazine in 1969, this fine team offers an avalanche of gags and action scenes that will appeal to all readers. Mazel's bold and fluid line (which stays true to the past, thanks to his dedicated research on the series) allows Raoul Cauvin to let loose his humor and unbridled imagination.
