Cap'tain Foudre is the name of scale model rocket that is given as a present to the young Charly. At first glance, it seems to be a harmless toy, but soon it reveals a terrifying and inexplicably aggressive potential. As if it responds to the unconscious desires of the child, Cap'tain Foudre flies off, leaving death and destruction in it's wake. Soon elite troops are on the alert. Their mission: to destroy this lethal toy in the hands of a seven year old child. But alas! It is not the self-destruction of this plastic spaceship that will end the list of crimes and other distressing events that haunt Charly, even in his dreams!
