In Val doré, we meet a child who wants a dog, who wants to save his mistresses, one of whom has a ghost in her life, a supernatural creature that a president, who is about to meet the child, is fighting against!

Lewis Trondheim and Sergio Garcia Sanchez weave a narrative as original as it is charming, in little albums with twin narratives, each focusing on a different character.

On the program: humor, drama, tenderness, action, emotion, a touch of the absurd and, above all, pure talent!
