Believe it or not, Japanese gourmet cuisine goes well beyond sushi, as shown by this beautiful boxed edition which invites readers to get to know a wide array of traditional and modern recipes from the land of the rising sun. Both practical and entertaining, this volume offers the chance to bring together culinary delight and cultural discovery through a dozen thematic and easy-to-follow recipes: sumo cooking, samurai, white collar, otaku, manga, Yakuza, ninja, geisha, Lolita fashion, on-the-go eating, and the Okinawa diet. The book also reveals the secrets of the various side dishes that make up any Japanese meal worthy of its name, including soups, salads, and appetizers, plus how to use everyday condiments that will make you see your meals in all new light!

In this series

La cuisine sans sushi... ou presque
