After "Mezek," the duo of Yann and Juillard marks its return to the world of aviation with "Double 7." The story takes place in Madrid, in the middle of the Spanish Civil War. Dusting off a little-known and often forgotten chapter of history, the authors take us back to this remarkable and terrible period of war as only they can, with a tale full of scheming intrigues. The world they uncover is one of no-holds-barred plotting to obtain victory at whatever the cost...
