A basketball star, an elderly billionaire, a mad scientist, an incredible thriller. 2029, Istanbul. Steve Moreira, star of the local basketball team plays the game of his life and wins the trophy. He is being observed on a TV screen by Paul Netter, a bedridden billionaire, and Erich Mandelberg, a neuroscientist. The billionaire and the scientist have finally found the body they've been looking for, perfect for their experiment which involves transplanting the old man's soul and memory into a young, healthy body so that he can be born again.
