Pablo Escobar is widely considered to have been the most successful criminal in history and to have invented modern-day drug trafficking. At the height of his career, the Colombian kingpin was making a million dollars a day smuggling cocaine into the United States. Here is the tale of the final days of "El Patrón," folk hero to some, public enemy number one to others, doting father and family man, ruthless murderer and an outlaw like no other.

In this series

Escobar - El Patron
