When Victor MacLimpet's ship is immobilized, he loses his way: a pirate without a ship is a pirate without a job. Just as he hits rock bottom, Victor gets a very bad idea... He'll wreck a galleon and steal its cargo. Perfect! Except that the "loot" in question will sow discord within the "Pirate Family" and all over Turtle Island... A series for all ages that takes on important questions, always with humor, finesse, and a light-hearted touch.
