At the university of hero studies, Chance, Xiong Mao and Ombre start a course that will make them superheroes capable of saving the world and its surroundings. At least they hope! These three new recruits will discover the joys of university life, the ruthless competition between students, sadistic teachers and exam stress. A university where you learn to manage your image and obtain your superhero licence: should have thought of that! Fresh, original and funny: Freaks' Squeele uses the comic style to convey the story uncompromisingly and confidently. A breath of fresh air in a universe with the stereotype of tights and colored capes!

In this series
