A load of irresistibly tasty tales about the world's most infamous cat! Each book contains several stories revolving around the food-filled world of Garfield, and the curious characters he rubs shoulders with. As usual, the authoritarian Jon is getting a bit too big for his boots, Odie is full of silliness, but loveable nonetheless, and as for Garfield, well, he's just the same old lay-about! As a general rule, everybody needs to understand just one thing: all they have to do to get on our favorite fat-cat's good side is sneak him a little bit of something delicious. If they don't, things might not turn out quite as they had hoped...!
