He calls himself the Sublime Guide and reigns with unchallenged authority over Sublimeland. Whilst it cannot be denied that he carries a lot of authority, he is also completely neurotic and paranoid. In fact, to be quite honest, he is a total psychopath. This natural-born leader thus has two possibilities: either to become a dictator or a patient in a psychiatric hospital. It is therefore not so surprising that he decrees a mandatory moustache for the men and a fringe for the women, he becomes fixated on the extermination of the mountain people, the Petashenoks, he announces a National Violence Day, and he hates Father Christmas...A series full of rip-roaring gags.
