Rediscover the origins of the Gremlins, a legend of military aviation dating back to World War II, in a family drama that combines historical events and fantasy storytelling.

As 1944 draws to a close, the U.S. fleet of Corsair fighter planes rules the skies over the Pacific, and Japanese pilot Hiroyuki Hamada has come to realize that defeat is inevitable. When the Imperial Navy decides to start using kamikaze pilots with its operation "Divine Wind", lieutenant Hamada is torn between his patriotic duty and his sense of free will. He must make the difficult decision to leave his wife and his daughter Riko behind to take command of a suicide mission.

But at the airbase and in the skies, disturbing creatures are getting involved in the final stages of the battle for the Pacific theater. Fighter pilots have a nickname for these aggressive and voracious little beasts... GREMLINS.
