Kindly, naïve and just a little bit chubby, agent 212 is the target of all problems big and small, and a magnet for all possible mishaps that can render a police officer's life miserable. Villains, imprudent drivers, and plain pigheaded suicidal maniacs are just a few of the bizarre characters he gets himself into scrapes with, much to the amusement of the readers and, of course authors themselves, Kox and Cauvin.

In this series

Descente de police

L'agent tous risques

Effet monstre

Ailes de poulet
