All comic lovers know the surrealist adventures of "The Cow", this strange bovine secret agent who, under the code-name of Pi 3.1416, had nine incredible adventures to her credit. However, nobody has learnt yet of the enigmatic scientist who tries to understand the mystery of these special bovines. While Pi 3.1416 pursues her perilous investigations, this archaeologist seeks throughout the world for the proof of the superior intelligence of cows and tries to reveal the secret of full fat milk !
