In 18th-century France, Suzanne lives by her wits... and by thieving. But when she is arrested by the authorities, she is forced to join Louis XV's "Secret Service," a team of highly trained agents working clandestinely to protect France from her many enemies./Suzanne's new colleagues include the taciturn Maximilien, an expert in explosives, the lively Georges, recently back from Asia, and old Donatien, who is fluent in a dozen languages. But there is little time to get to know them, as the Seven Years' War is in full swing and the King's agents must go to Prussia on an important mission..
