Once upon a time, in the countryside, a farmer placed a scarecrow in his field. Nobody knew why, but the scarecrow was alive, had a big heart... and unfortunately for him, was unable to scare a single bird! Worried about his future, the scarecrow asked a cat how to become more frightening. The question that emerges is why we sometimes want to change who we are.

In this series

L'Emouvantail 5 - L'Etang du rêve

L Oiseau bohème

Un deux trois soleil !
