For the Campbells, piracy is a lifestyle! Campbell, a true pirate legend, has quit the business after the murder of his wife to raise his daughters in peace, away from the painful memories of his past. However, it soon catches up with him in the form of Carapepino, a foolish pirate desperate to gain the favor of the infamous Inferno,

a fearsome and formidable pirate who is none other than the unpunished murderer of Icata and Geneva's mother. Haunted by his past actions, Inferno wants to be rid the entire Campbell family once and for all. Campbell and his daughters are forced to flee, taking refuge in a leper colony, but a confrontation seems inevitable.

The links between Campbell and Inferno may be even more complex than they seem...
