In the 1960s, the young and adult readers of the Journal de Spirou followed with the greatest of interest the stories of Starter, a little character in a mechanic's boiler suit. Drawn by Jidéhem, it enthusiastically, and occasionally harshly, compared and commented on the latest products from the car industry. This beautiful book brings together 60 delightful stories, illustrated with drawings of extraordinary and typically sixties cars, signed by Jidéhem.

In this series

60 voitures historiques

60 chroniques insolites

60 populaires des années
60

60 sportives de Starter
