When five teenagers wake up one morning imbued with absolute knowledge, the news travels fast, and before long the young geniuses are taken into hiding by the FBI. What would you do if you were 15 and never had to set foot in school again? Our heroes won't have long to think about it, as a secret organization is hell-bent on capturing them. And they also have a puzzle to solve: where did this gift come from, and who are these mysterious beings seemingly playing with their destiny?
