PAGES
48

VOLUME
2

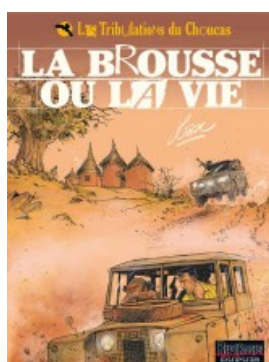

FORMAT
242 * 320

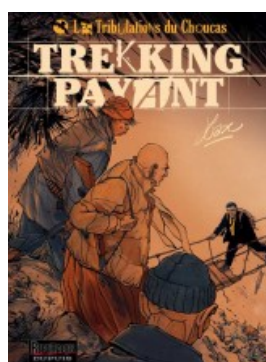

RELEASE
04/06/2008

“Le Choucas” gets a new look. By adopting the same drawing and colouring techniques as those first used in the very striking “Aigle sans orreils”, Christian Lax gives his character a new dimension. The time was right to let the detective of the book’s title operate on a different scale, and he can now spread his wings between new, large-format covers. A new technique, new format, and also a new volume in the series. “Le Choucas” has a whole new set of adventures in “Les Tribulations du Choucas”, he certainly has not finished wandering the world just yet. Just as well, because we want more!

In this series

La brousse ou la vie

Trekking payant
