In a world not so different from our own, magic marble (MARBLEGENS) competitions are all the rage. Cosmo and Aissa, two avid players, Luna, the last in a long line of alchemist marble creators, and Sam, a nosy little genius, form the 'Meteores,' an unlikely ragtag team united by friendship. But alchemy is an ancient artform, which has given birth to numerous heroes. Every volume of this spin-off series will feature one of these heroes, and they'll be discovered over the course of an adventure with the Meteores.
