The autobiographical series “Marzi” was first published in color with a hardback cover and was all too quickly categorized as a children’s series. Today, Marzena Sowa’s story is being republished in a new, reassembled, re-colored graphic novel format. Each album of this compilation corresponds to a different phase of Marzi’s childhood in a changing, turbulent Poland, on an incredible dimension and strength.

In this series

Nouveau souffle

1989...

La Pologne vue par les yeux d'une enfant
