On the night of March the 2nd, 1953, Joseph Stalin, the Nation's Father, the man who reigned as the absolute master of all Russians, had a stroke. He was announced dead two days later. Two days of fierce infighting for the supreme power, two days that sum up all the insanity, depravity and inhumanity of totalitarianism. Based on real events, Fabien Nury and Thierry Robin have created a dazzling book, with devastating and cruel humor and a gripping portrait of a dictatorship plunged into madness. A fascinating and well-researched graphic novel about the USSR under Stalin.
