PARKER is a guy of many great qualities: SUPER cool, SUPER kind, SUPER smart, and above all SUPER cheeky. But suffering from an acute allergy to work, he rarely keeps a job for more than two hours.

BADGER is the most faithful companion to Parker. Extremely reasonable, he spends his life stopping Parker from messing up. Or at least he tries... Despite appearances, Badger is not a dog but indeed... a badger. But he hates being a badger!

To complete this dynamic duo, a bit of charm: CLARISSE, Parker's sweetheart. But, of course, she is not aware of this... Parker is far too shy to tell her. And so far, all his attempts to declare his undying love for her have ended in bitter failure...

The series has been turned into an animated series, more information [here](#).
