Minet, a young kitten abandoned by his owners, gets lost in the forest and falls asleep. When he wakes up, he meets a rabbit and a squirrel who name him Scaredy-Cat before leading him to their village, a community where animals speak, dress and stand on their legs. But Minet is not one of these free-born animals, and despite his desire to go in search of his mistress, he is forced to undergo an ordeal to free himself from the taint of his connection with humans in order to be accepted by the other animals. Deceived, hunted and then trapped, Minet will discover a pitiless animal society that has nothing to envy to the human one...
