He's the prince of charmers, the ultimate adventurer! With hundreds of successful quests and conquests under his belt, he'll guide you along the path to love, success and the big slap in the face of your adversaries. He's Raowl, whose gag-tutos in The Raowl Method have already changed the lives of many readers! Except that the real Raowl may not have understood everything about life... He's made it his duty to rescue princesses in distress? But princesses take care of themselves, thank you very much! And it won't take too much more than Volume 2 of The Raowl Method for them to make our favorite adventurer understand that!
