Raowl is not a hero for the faint of heart: he slices, dices and decapitates anyone standing between him and a kiss from a princess. Unfortunately for Raowl, the first princess he encounters doesn't find him to her liking. Happily, he rescues a second princess and as it turns out, the two have a lot in common! Raowl's rage is all the greater when the princess is kidnapped and taken to a castle full of cannibals, and he doesn't waste any time leaping into the mouth of the beast! A rollicking rewrite of classic fairy tales, filled with guts, quips and colorful characters.

In this series

Peau d'Âne la princesse qui pue

La Belle et l'Affreux
