At first, we'd say that they're not like us. But we soon realize that it's actually the other way round — we're not like them. They are the Raptors. They have the power, the arrogance of the wealthy, the memory of centuries gone by. It's only when the danger becomes clear that they react. And everything will be turned upside down.

## In this series

Rapaces - tome 1

Rapaces - tome 3

Rapaces - tome 4

Rapaces - tome 2
