In 1984, Griffio and Jean Van Hamme exposed the failures of a society infringing frighteningly upon individual freedoms. More than 30 years later, the same Griffio, accompanied by Stephen Desberg on the script, claims that Western society has adopted a justice system and passed laws that are bringing it ever closer to a strict totalitarian regime. The three-volume saga tells the fate of characters facing 21st-century repression, and explores their thirst for freedom.
