VOLUME

FORMAT

01/06/1989

When society pushes the ideals of equality to their breaking point, the result can easily become plain absurd. In order to avoid the chronic budget deficit of the healthcare system, for instance, what better way is there but to become a nanny state? Even if it leads to the Medical Police imposing fines on anyone not watching the weather forecast... Three Kafkaesque stories that paint a frightening picture of an over-regulated world.
