Margot's best friend is red, walks on all fours, and wags! Just the name alone of this absolute mongrel tells a lot about his personality and explains why he is not really welcome with the Duchêne family who already lodge a cat and seven children. That is however not a problem for Margot and her clandestine friend who are not short of ideas to meet and to live extraordinary adventures. Watch out! With them two, the fun has only just begun...

In this series

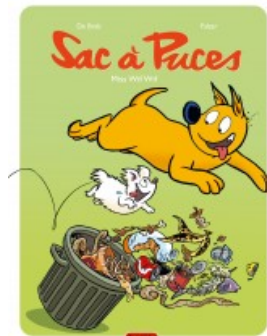

Super maman

De l'orage dans l'air

Ca déménagement !

Miss Wif Wif
