In 1830, after centuries of magical battles between opposing sects, the world's magicians have revealed themselves to the rest of humanity. Establishing a planet-wide truce, they have created a council, which now works side by side with the United Nations to safeguard the world's peace. But, as time passes, the dream of one active minority has turned into a nightmare for the majority.

A thousand-year-old sorceress, blessed with nigh-eternal youth, is selected by her peers to look into the predictions of a soothsayer who is haunted by visions of a horror that no longer exists : war.

Soon, her investigations will lead her across the path of an old acquaintance : a Japanese demon, who has come out of his magical retirement...
