“Scenes of the life” hormonal is a hilarious weekly column in Charlie Hebdo that started in October 2014. In strips of 6 to 8 frames, Catherine Meurisse presents the life of the thirty-somethings of today with an exhilarating frankness and great understanding, all taboos aside. In this collection, whether between the sheets or drink-in-hand, the thirty-something bares all on maternity, children, her libido and, of course, men...
