Violette's only love is her freedom. She is a young and wild woman living in the forest, attracting men and making their cheated wives jealous. Violette couldn't care less what people say about her. She is mysterious and irresistible. Despite rumors and threats, she is ready to do whatever it takes to remain free. "Tendre Violette" was published for the first time in 1982, in black and white. This new edition is a moving ode to the original publication.
