In a grey, futuristic and apocalyptic world, a strange traveler and his mount wander through destroyed lands. Forced to replenish their energy stores, they cannot stay away from civilization for long stretches of time. Although other creatures live there, the city is as inhospitable, empty and gloomy as the vast expanses of desolate country that surround it. But wherever the traveler goes, things malfunction, machines lose their minds and create chaos. He must leave town and set forth once again, alone, to explore another barren wasteland.
