Vikings in the Mist recounts the adventures of Vikings at sea performing their usual routine: raids, looting, murders, and stuffing their bellies!

Vikings in the Mist also tells the story of a changing world. Our Vikings are confronted with the rapid development of Christianity, which seems to be spreading pretty quickly and is really getting in the way of their looting activity.

Leading this tribe of fearsome warriors is Chief Reidolf, who can't help but wonder if their predatory lifestyle is coming to an end... But how do you change something when it's all you've ever known? How do you find your way out of the mist...?
