When a young Trojan prince called Paris kidnapped Helen of Sparta, he triggered the biggest war in all Antiquity. For ten long years, the Greek army, led by King Agamemnon, laid siege to the great city of Troy. At least, that's how the story goes! But people don't go to war over a woman... more likely they go for gold, land, and power... Wiloucha brings us a whole new perspective on this famous war, this time through the eyes of the Hittites, a powerful society that remains something of a mystery to this day.
