In the present day, a young boy plays in the forest and falls asleep under a tree. Protected by the fox god, his dreams take him far back in time, to discover his past lives. Once a samurai, the dream gods confront him with the massacres he has committed. Later, as a tattoo artist, he will experience the post-World War II omerta and the banning of this subtle art.

Little by little, the reader is introduced to the history and culture of Japan, through a number of references that will delight the more experienced without puzzling the average reader, such as the game with the shogi coins.

In this series

Yashirojima la forêt des rêves perdus
